

ergotron®

Since our founding more than three decades ago, we've used movement to remove constraints from how people create, collaborate and work with technology. We rely on ergonomic principles, user-centered designs and more than 200 patents to build kinetic work environments that help people thrive.

Sit-Stand Workstations

The broadest portfolio for the perfect fit

Our products foster a workplace culture of movement, encouraging active workstyles that benefit employers and employees with improved comfort, flexibility and collaboration.

Every body and every workspace is different. With the widest selection of styles, sizes and attachments, Ergotron's WorkFit® sit-stand solutions help employees find their best fit. With the ability to easily go from sitting to standing and back again, they can choose how they work in an environment that inspires creativity and long-term results.

Monitor Mounts

Well-being is within an arm's reach

An active sit-stand workstyle represents just one aspect of a workday that moves. With Ergotron's monitor arms, you can harness even more productivity, collaboration and comfort.

Monitor arms help keep your monitor at the right height whether sitting or standing for an ergonomic fit. Using a monitor arm on its own or with a standing desk supports overall wellness while offering flexible, personalized screen views. By freely moving one, two or three monitors, you can work smarter and free up valuable workspace.

Designed to offer advanced ergonomics out-of-the box, the **WorkFit-TX** Standing Desk Converter serves up a full 50.8 cm range of sit-stand motion. The X-shaped lift folds down within inches of your desk for a sleek resting profile that's three inches below our competitors. It fits more users with an

extremely low profile that keeps the right monitor-to-keyboard height ratio. With a height-adjustable, back-tilt keyboard that sits below the worksurface, this ultra-low desk converter offers the best of both worlds—leading ergonomics sitting and standing. Available in black.

ACCESSORIES

Designed with the corner in mind, the **WorkFit Corner** Standing Desk Converter offers 38 cm of easy vertical adjustment so you can work sitting or standing without bumping into cube or office walls. The WorkFit Corner sits flush to any cube or office corner thanks to a large

notched worksurface that fits single and dual monitors. Get more from your corner configuration by using up dusty corner space and taking advantage of more worksurface on both sides of your sit-stand workstation. Available in black.

WorkFit-Z Mini is equipped with the features you need most—easy adjustment between sitting and standing, space for your smart devices and a smooth, grey woodgrain finish that complements your office décor. Ideal for single monitors or notebooks, this compact standing desk converter turns your work surface into a height-adjustable standing desk with one

simple movement. Offering infinite, click-free vertical life adjustments up to 32 cm and a space-saving design, WorkFit-Z Mini also features a cable-free work surface and comfortable keyboard tray. It arrives completely assembled for an out-of-the box, no-fuss solution that gets you standing sooner. Available in dove grey. Not available in AU/NZ.

Looking for more? The **WorkFit-TL** is based on our well-loved WorkFit-T blueprint and features a wider keyboard tray, larger worksurface and supports a weight capacity of up to 18.1 kg. It offers 38 cm of easy, crank-free adjustment to keep your space, your space.

The WorkFit-TL also arrives fully assembled, so you can quickly convert any tabletop to a standing desk. Just set it on top of your current desktop, and you're ready to WorkFit. Available in black (and in white ANZ only).

Rejuvenate wellness + productivity with **JÜV™ Wall**. The award-winning design's non-electric, adjustable surface with or without power access provides the full BIFMA height range for comfortable

sitting or standing. Controlled and concealed cable management maintains a clean aesthetic. Reclaims valuable space by flipping down the customizable worksurface when not in use.

ACCESSORIES

Advanced ergonomics? You got it. The **WorkFit-S Single** is one of our best solutions for flexible and comfortable working. This height-adjustable standing desk easily attaches to your desktop—just lift or lower the WorkFit-S and tweak the optional weight settings for no-sweat adjustment. Then individually fine-tune your single monitor mount and keyboard tray for how you work

best. The keyboard tray sits below the worksurface to keep your arms at an ergonomic 90-degree angle. The **WorkFit-S Dual** supports two monitors to up your productivity with the same ergonomic benefits. Additional options include an integrated worksurface and heavy duty construction. Single available in black, dual available in black or white.

HX Desk and Wall Arms use an innovative post design to free up space with display positioning that supports greater productivity and collaboration. Sleek and streamlined, HX Arms fit large screens weighing up to 19 kg. Available in aluminum or white for one, two or three monitors. Single and dual desk arms are also available in matte black.

The **HX Desk Monitor Arm with HD Pivot** includes a heavy-duty tilt pivot for an immersive viewing experience on ultra-wide, curved displays 15.2–30.4 cm deep and weighing 12.7–19.1 kg. Available in white or matte black.

ACCESSORIES

The **LX Single** provides a comfortable fit with full monitor movement and improved ergonomics for screens weighing up to 11.3 kg. This luxury arm easily adjusts monitors up to 34" in size and saves space as you place the

screen in the best view to tackle each to-do. The streamlined look enhances your work area, plus it's built to last. Available in aluminum, white or matte black.

The **LX Dual Stacking Arm** lets you find your best view, save desk space and discover your most productive self, just like the LX Dual Side-by-Side Arm. This dual monitor mount lets you position each screen separately or stack them

with 33 cm of height adjustment. The LX Dual Stacking Arm, Tall Pole works with the Extension & Collar Kit to create a stable multi-monitor solution for up to four screens. Available in aluminum, white or matte black.

The **LX Dual Side-by-Side Arm** was designed for side-by-side or low angle screen views. Easily position your dual monitors for the best views, while freeing up your desktop for office essentials. The dual arm extends LCDs

or laptops up to 64 cm with an extension range of 46 cm. Project wrapped up? Reclaim a space full of opportunities by folding the arms and pushing them aside. Available in aluminum, white or matte black.

ACCESSORIES

Extension & Collar Kit

The sleek and lightweight **MXV Desk Monitor Arm** incorporates a modern V-shaped design to create a stable yet flexible platform for screens up to 9.1 kg. With a slim profile, MXV offers 33 cm of height adjustment, up to 49 cm monitor

extension, integrated tilt and more—all on a convenient swivel base. Available as single and dual desk mount, and single wall mount in aluminum, white or matte black.

Build a complete, ergonomic workspace with Ergotron's **WF Chairs**. They offer multiple adjustment points, including 6 cm of height-adjustable lumbar support, and a quality design to promote a balance of rest and movement while working. Available with breathable mesh or upholstered backrests, with or without 4-D armrests, in graphite black (AU/NZ).

The **Zip12 Charging Wall Cabinet** lets you power up devices in a slim, space-saving enclosure. Charge and secure up to 12 tablets and Chromebooks from a wide variety of manufacturers like

Microsoft, Samsung, Apple and more. A sliding door provides easy access to devices, and Show & Stow™ technology tilting tablet trays make loading and unloading devices simple.

From offices to conference rooms to impromptu meetings in the break room, work doesn't only happen at your assigned workstation. **Mobile Sit-Stand Desks** allow employees to work individually or collectively around the office, with the same health and

productivity benefits as height-adjustable standing workstations. The easy-to-find hand lever lets employees adjust the desk height 40.6 cm for their most comfortable level. And the simple, lightweight design makes the desks easy to assemble, move and store.
