Charging cabinets save valuable education space

Limited lifetime for the frame; 5 years for other mechanical components; 3 years for electrical components; 1 year for cables

Patented PowerShuttle technology:

Supports safe and fast charging for tablets and laptops

Continuous monitoring keeps circuit limits in check

In-rush protection helps avoid power spikes

Measured processing manages the current to devices

In a test, our charging cart with PowerShuttle Technology charged up to 40% faster than our competitor's round robin charging cart

CHARGEFIT

Our professional-grade ChargeFit designs combine durable construction with extensive testing to help keep students, staff and devices safe.

Charge devices faster to power your digital classroom

Do more than just charge your classroom devices. With adjustable dividers, you have the flexibility to fit up to 40 tablets and Chromebooks or 30 full-size laptops for all of your learning needs. It ships fully assembled to give you more time to focus on what matters most—your students.

education

LEARNFIT™

Our LearnFit family of height-adjustable, mobile desks allows students, teachers and colleagues to break free from constraints that hinder creativity and success, so they can thrive as they learn and work. These kinetic environments drive collaboration across the entire school to support 21st century learning.

From supporting greater focus to building flexible classroom spaces to contributing to positive academic performance, LearnFit creates personalised learning experiences that set the foundation for a lifetime of well-being.

LearnFit Sit-Stand Desk

Transform classrooms, conference rooms or common areas into active spaces with flexible seating using the LearnFit mobile desk.
